

Qualicum International Student Program is looking for new families to join our homestay program. This year we are in a very serious need of homestay families as our numbers have increased, due to the popularity of our program. We are asking for our local families for help in this area to take a student in with their family. Students will be attending Kwalikum and Ballenas Secondary Schools, ages 15 and older. Families are paid a stipend of \$900 per month and must provide a furnished room, 3 meals per day, a safe environment and include the student in their family life. Single families are welcome to apply and must be over the age of 25. Students will arrive with strict CoVID protocols in place. If you know a family who would benefit from this program, we are also offering a \$150.00 referral, if a student is placed.

HOST FAMILIES WANTED

Students 15-18 years old in Parksville and Qualicum are in need of host families.

Have a spare room?

Interested in providing a meaningful experience to a student?

Host families receive monthly stipend, cultural and personal development!

Host families have an opportunity to create a relationship that could last a lifetime and with our years of experience and support we can help you to mentor and create lasting memories. No experience necessary.
